

# INVITATION

Please come to a Parent Advisory Council (PAC) Meeting for parents in the Hampshire Regional School District!

Join us for an evening planning meeting to organize the PAC for the five schools in our District led by parent Traci Hennessey.

\*\*The PAC allows parents to gather and discuss issues, concerns, questions, and roundtable ideas with other parents of children that have special needs. Parent Traci Hennessey has volunteered to facilitate the meetings and coordinate agenda items for group discussion. The hope is that by attending these meetings and interacting with others with similar issues, parents can offset the feeling that they are the only one in their situation. Also, other parents can suggest coping strategies and offer tips on useful resources, skilled caregivers, program and activities, and educational workshops available in your area and beyond. Guest speakers can also be arranged. Lastly, this group hopes to empower parents to face the challenge of helping their child grow within their school and community.

DATE/TIME: December 7, 2010 6:30-7:30pm

PLACE: Norris Elementary School Library  
34 Pomeroy Meadow Road, Southampton
