INTERNET SMART and SAFE WORKSHOP for PARENTS

The Internet's "super highway" runs right through the middle of our children's lives. It opens up a world of entertainment, communication and educational opportunities. However, it also allows direct access to people and Web sites that can expose kids to age-inappropriate content and risky social contacts.

This workshop offers a glimpse into the online lives of young people. Participants will become familiar with web sites that are popular with the youth in our communities. Topics covered will include: social networking sites, online gaming and instant messaging. Online safety tips and family contracts regarding internet use will also be discussed as important tools for keeping our young people safe while online.

To learn more about what our children are doing online and what every parent/guardian should be aware of, we invite you to attend this workshop on:

Wednesday, March 31, 2010.

**HAMPSHIRE REGIONAL HIGH SCHOOL
MEDIA CENTER**

6:30 TO 8:00 PM

Cynthia Boyle, Northwest District Attorney's Office

Kim Florek, Director of Information & Technology, Hampshire Regional School District
