

INTERNET PROGRAM FOR PARENTS

The Internet's "super highway" runs right through the middle of our children's lives. It opens up a world of entertainment, communication and educational opportunities. However, it also allows direct access to people and Web sites that can expose kids to age-inappropriate content and risky social contacts.

To learn more about what our children are doing online and what every parent/guardian should be aware of, we invite you to attend our

"INTERNET SMART AND SAFE" (ISS) WORKSHOP.

Wednesday, March 31, 2010.

HAMPSHIRE REGIONAL HIGH SCHOOL
